**RE: Ex Parte Communication, PS Docket 07-114**

Dear Ms. Dortch –

Pursuant to Section 1.1206 of the Federal Communications Commission's Rules, this letter serves to provide notice in the above proceeding that on March 7, 2008, Skip Speaks and Dimitri Rubin of Rosum Corporation held a conference call with Aaron Goldberger, Wireless Advisor to Chairman Kevin Martin; Daniel Gonzalez, Chief of Staff to Chairman Kevin Martin; Erika Olsen, Deputy Bureau Chief of the Public Safety and Homeland Security Bureau; Joseph Palmore, Deputy General Counsel to the Commission; and Derek Poarch, Chief of the Public Safety and Homeland Security Bureau, to provide an overview of Rosum's TV+GPS-based hybrid location technology and its applicability in helping wireless carriers meet the Commission's requirement of PSAP-level Wireless E9-1-1 compliance.

Rosum also submitted the appended five OET-71 compliance reports to participants in the conference call. Tests were conducted in five PSAPs: Santa Clara, CA; Nashua, NH; Needham, MA; Edison, NJ; and Washington DC, with a total of 30 sites selected per PSAP. NRIC VII recommends that "up to 5% of tests" be conducted indoors. In order to faithfully replicate actual 9-1-1 calling patterns, 50% of Rosum's tests were conducted indoors.

Any questions regarding this notice may be directed to the undersigned.

Sincerely,

/s/

Skip Speaks  
CEO  
Rosum Corporation
